| Name of Agency | | |

Name of Agency

STATE SUPPORT SPECIAL FUNDS

These funds are the Education Enhancement Funds.

FEDERAL FUNDS

The Federal Funds consist of funding from Carl Perkins Vocational salary and equipment money, Predominantly Black Institution funding through the U.S. Department of Education, Adult Basic Education monies, and various workforce training grants funded by the U.S. Department of Labor through the South Delta Planning District. The College also has a SNAP grant through the US Department of Human Services. The college receives federal Carl Perkins funds for its Career Technical Education program through the Mississippi Department of Education. Pursuant to federal regulations, the college has entered into a Maintenance of Effort (MOE) agreement with the state and files preliminary, budgeted, and actual MOE compliance reports for each fiscal period.

OTHER SPECIAL FUNDS

Special Funds consist of state funding run through the MCCB, student fees, district taxes, interest, and other miscellaneous income.

TREASURY FUND / BANK

The College's bank accounts are held by Planters Bank & Trust Company located in Indianola, MS. The College has a General Fund bank account and 2 certificates of deposit.

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994 (To Accompany Form MBR-1-03)

Mississippi Delta Community College 1 - Instruction
Name of Agency Program Name

I. Program Description:

Academic instruction includes formally organized instructional activities based on courses in the Mississippi Community/Junior College Uniform Course Numbering System and Associate Degree Nursing. This includes fall and spring semesters and summer terms and is frequently referred to as university-transfer or college parallel courses. Career and Technical instruction includes organized programs of study at less than a baccalaureate degree level designed to provide occupational preparation for entry/advancement/reassignment into the labor market. These programs are approved by the MCCB, and typically lead to a Certificate of Completion or an Associate of Applied Sciences degree. Community and Junior Colleges offer a number of instruction activities other than Academic, Technical and Vocational programs. These formally organized instructional activities include adult basic education and High School Equivalency (HSE) preparatory courses; industry services or start-up, up-grade or re-training; secondary school vocational courses, apprenticeships training, special interest and personal improvement courses.

II. Program Objective:

The objective of Academic Instruction is to provide affordable access to courses at the freshman and sophomore level, in the Associate Degree Nursing Program, for personal improvement and personal interest, and to award the associate degree to those who successfully complete the required courses of study. This objective is based on Section 37-29-1, MCA. The objective of Career and Technical instruction is to educate, train, and provide guidance for individuals who seek to develop knowledge, skill, and behavioral characteristics necessary for successful employment in occupations not requiring a baccalaureate degree. The program provides a unique opportunity to help students develop the characteristics of success that today's business and industry embrace: clarity of purpose, emphasis on quality, teamwork, a broad technical and academic foundation for effective problem solving, decision-making, and communication at the work site.

In accordance with Section 37-29-1 to provide to individuals and groups educational measures to help make them capable of living satisfactory lives, consistent with ideals of a democratic society. The instructional objective of the other programs noted above is to provide specially designed programs to targeted populations to meet educational and training needs of citizens.

III. Current program activities as supported by the funding in Columns 6-15 (FY 2019 & FY 2020Increase/Decrease for continuations) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A:

(D) Dual Credit:

Request the State to pay a fair and equitable share of the cost of providing dual credit to high school students. Lost Tuition revenue due to the current reduced tuition cost for dual credit courses is estimated to be \$9 million dollars for academic Year 16-17.

(E) Replacement Career/Technical Equipment:

Equipment for CTE programs is very expensive. Most programs are in need of upgraded equipment. System wide community colleges are requesting a total of \$9,256,000 for Career/Technical Education replacement equipment in FY 2020. Some of the equipment replacement needs in our existing career and technical programs range from X-Ray Machines to Dental Chairs, a Drilling Rig, CNC Lathe, Welding Robotics, HVAC Lab remodel, and Digital Radiography Equipment, etc.

MDCC needs a CNC router for its machine tool program, 10 Dental Hygiene Chairs to replace the old worn out ones in the dental hygiene program, and a Trackhoe and bulldozer for the construction equipment operator program.

- IV. Additional program activities that will result from increased funding requested in Columns 16-25 (MBR-1-03) and specified Budget Decision Unit Columns (MBR-1-03-A):
- (F) New Career/Technical programs:

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994 (To Accompany Form MBR-1-03)

As new economic challenges impact all sectors of our society, Career and Technical Education (CTE) must continue to evolve in order to meet the economic needs of Mississippi's communities. CTE programs serve as a bridge for many high-skill, high-wage, high-demand occupations or professions that require one-to-two years of education or training beyond high school, but less than a baccalaureate degree. Last year, almost 15,400 students enrolled in CTE programs at Mississippi's community colleges, representing approximately 22 percent of the total credit student population. More than 3,600 of these students completed a CTE certificate or degree and entered into employment in fields such as health care, manufacturing, information technology, construction, and legal/protective services.

Mississippi's economic growth is greatly influenced by career and technical programs including allied health programs. Our colleges are limited by the high start-up costs of equipment, personnel and accreditation for new programs. The need is particularly acute in rural areas. The standard of living is diminished in our small communities due to the lack of these critical skills that support job creation. In 2014, none of the 10 fastest-growing occupations in the nation required bachelor's degrees. Middle-skill workers – electricians, nurses, automotive plant workers, healthcare technicians, welders – are the backbone of Mississippi's economy.

Community and Junior colleges must train students for jobs that are available today and for jobs of the future. MS Delta Community College is requesting the new career technical program of Pharmacy Technology in FY 2020 in the amount of \$350,000.

The Mississippi Community College Board approved Mississippi Delta Community College's application to offer the Pharmacy Technology 51.0805 technical program March 22, 2010. Although this program has been approved since 2010, it remains undeveloped due to lack of funds. With the transition to a required credential, many of the local pharmacies had to terminate the employment of seasoned workers who were unsuccessful in achieving a passing score on the mandated test. The implementation of this program will ensure that the hiring needs of the local pharmacies throughout the delta are met with highly qualified technicians.

By offering a Pharmacy Technology program at Mississippi Delta Community College, the College will assist in strategically and effectively addressing the lack of pharmacy technicians in the Mississippi Delta region as well as the need for additional health care service for the citizens in the Delta. MDCC is located in the heart of the Mississippi Delta, an area that is well-documented as the poorest region in the state. The MDCC seven-county service area has a per capita income that is \$6,000 below the state per capita income. The average percentage of citizens living below the poverty level is 36.4% in MDCC's seven-county service area (U. S. Census, 2013).

(G) Dropout Recovery Career Pathways:

One in five adults in Mississippi is a high school dropout. These dropouts become hard-to employ adults because they lack basic academic skills and job specific training. Building upon their Dropout Recovery Initiative, the community colleges have received a \$6 million, three-year grant from the W.K. Kellogg Foundation and are adopting the evidenced-based MI-BEST (Mississippi Integrated Basic Education and Skills Training) model. The three-year grant will expire in September of 2018. The goal is to enroll low-skill adults in career pathways that combine GED preparation, skills training and workforce credentials in an intensive program that produces adults who can compete for jobs, get hired and stay employed. MI-BEST career pathways target middle-skill occupations where there is a labor demand. A close collaboration with the Mississippi Department of Employment Security, the State Workforce Investment Board, the local Planning and Development Districts, Department of Human Services, and the Mississippi Development Authority is an essential component of MI-BEST.

All 15 community colleges have implemented the MI-BEST model and aligned their programs with local workforce needs. Providing wrap-around support services and additional instructional support increases the cost of the program. An increase in state support of \$10,681,146 is needed to take the program from a pilot effort to full-scale implementation. The calculation for this increased support is as follows:

In 2010 approximately 369,000 (1 in 5) Mississippi adults over 25 years old lack a high school degree. Approximately 14,000 Mississippi students leave the K-12 system each year without obtaining a high school diploma. (14,000 students x 25% = 3,500 students x \$3,909 = \$13,282,500 less FY 2019 funding of \$3,000,000 = \$10,282,500).

Form MBR-1-03NA

PROGRAM NARRATIVE

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994 (To Accompany Form MBR-1-03)

Mississippi Delta Community College

2 - Instructional Support

Name of Agency

Program Name

I. Program Description:

Instructional Support includes, but is not limited to the following:

- (1) Library Services including both print and non-print formats; as well as resource sharing of print materials,
- (2) All organized laboratory facilities that support instruction,
- (3) Interactive and Distance learning services and facilities, and
- (4) Support Personnel.

II. Program Objective:

To provide access and assistance for students to library materials and learning resources; may include learning resource laboratories and materials for special application of studies.

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994 (To Accompany Form MBR-1-03)

Mississippi Delta Community College

3 - Student Services

Name of Agency

Program Name

I. Program Description:

Those activities whose primary purpose is to contribute to the student's emotional and physical well-being and to his/her intellectual, cultural and social development outside the context of formal instruction includes recruitment, admissions, registrar activities, career guidance, counseling, financial aid administration, student health services, and social and cultural enrichment programs, including athletic activities.

II. Program Objective:

The objective of Student Services is to provide information and assistance to students, personnel, and to the general public in the districts served; to provide admissions, registration and guidance, and other services.

- IV. Additional program activities that will result from increased funding requested in Columns 16-25 (MBR-1-03) and specified Budget Decision Unit Columns (MBR-1-03-A):
- (D) SNAP Grant Closeout:

The SNAP Grant will end in the spring of 2019. It is being deducted from the budget FY2020.

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994 (To Accompany Form MBR-1-03)

Mississippi Delta Community College

4 - Institutional Support

Name of Agency

Program Name

I. Program Description:

The Institutional Support Program includes the executive-managerial operations applied to all institutions of the public community/junior college system. This includes functions of the governing boards, presidents, fiscal operations, administrative, computing, public relations and information, security of property and persons, and transportation services.

II. Program Objective:

The goals of the Institutional Support Program are to:

- 1. Provide adequate management resources including personnel, facilities, and equipment for the effective operation of the public community and junior colleges, and
- 2. Provide for the planning and management functions of the public community and junior colleges through governing boards, executive and support offices, and fiscal services.
- III. Current program activities as supported by the funding in Columns 6-15 (FY 2019 & FY 2020Increase/Decrease for continuations) of MBR-1-03 and designated Budget Unit Decisions columns of MBR-1-03-A:
- (D) Education Technology Infrastructure, hardware, etc.:

The community colleges have the following Education Technology needs: IT upgrades, Switches, Wireless Access Points, Network Security and Infrastructure, VDI Equipment, Storage, Software and IT Maintenance,. It has been over 20 years since the community colleges received the bond bill for education technology infrastructure. MS Delta Community College would utilize Education Technology funds in the following manner:

Upgrade 5 virtual server host with Vmware license

Upgrade wireless infrastructure - 125 access points and 2 controllers

Upgrade storage - SAN's - 2 each

Upgrade network firewall

Install a backup generator for the data center

Program Data Collected in Accordance with the Mississippi Performance Budget and Strategic Planning Act of 1994 (To Accompany Form MBR-1-03)

Mississippi Delta Community College

5 - Physical Plant Operation

Name of Agency

Program Name

I. Program Description:

The operation and maintenance of the physical facilities and grounds of each community college includes the management of utilities, property insurance, custodial, transportation and maintenance services. The MCCB has targeted four activity areas as priorities for the next five years.

II. Program Objective:

- 1. To provide accurate information for short and long range planning.
- 2. To bring all campus buildings to compliance with ADA regulations within a 5-year period.
- 3. To establish and implement a comprehensive preventative maintenance program to prevent down-time with equipment and reduce replacement costs.
- 4. To reduce liability, provide in-service training for employees, and to provide a safer learning and safer working environment.

Mississippi Delta Community College MBR Budget Narrative / FY 2020

MISSION: Mississippi Delta Community College provides quality education through academic, career, technical, health sciences, and workforce training programs. Mississippi Delta Community College is dedicated to improving the community through intellectual, social, cultural, and recreational opportunities.

Mississippi Delta Community College (MDCC) was created to meet the needs of the residents in the counties of Bolivar, Sunflower, Leflore, Humphreys, Washington, Issaquena, and Sharkey. The College meets the needs of the residents in these counties by offering courses at the Greenwood Center in Leflore County, the Greenville Higher Education Center (GHEC) in Washington County, and at the main campus in Moorhead, Mississippi (Sunflower County). In addition, the College reaches out beyond the traditional classroom by offering eLearning distance learning courses, dual enrollment courses in local high schools, and workforce training across the seven-county service region.

MDCC serves the greatest number of persons living in poverty than any other community college in the state. The average percentage of persons in poverty for MDCC's seven county service district is 39% compared to the statewide average of 22%. (US Census Bureau; Population, Poverty & Income; July 1, 2016-V2016). On average, 75% or more of MDCC's students are Pell Grant recipients, thus living near or below the poverty level as defined by Federal Financial Aid Assistance requirements.

MDCC's tuition remained constant and did not increase for FY 2020. According to the U.S. Department of Education's Office of Postsecondary Education, Mississippi Delta Community College had a net price of \$3,486, one of the lowest across the United States. The national average was \$7,351. MDCC is one of only three community colleges in Mississippi to make the College Affordability and Transparency List published in July 2018.

However, continual declines in state appropriation necessitated an increase in student tuition in FY18 and FY19 and a request for additional tax support (local funding) from the College's seven-county district. The College increased tuition and fees for FY 2018, closed a program, and eliminated 13 employees/positions by way of a Reduction in Force. The cuts that MDCC absorbed since 2001 have snowballed affecting salaries and core operational necessities such as instructional supplies. As such, declines in state support have placed an exceptional burden on our students, counties and taxpayers in a way that is disproportionate to other community colleges in the state. The College is requesting restoration of these funds.

PROGRAMS AND ENROLLMENT

MDCC's recent average enrollment is approximately 2,300* students annually across 36 degree programs. (*headcount average enrollment). MDCC awards the Associate of Arts degree, the Associate of Applied Science degree, and certificates in career or technical education.

Degree programs include 1 academic University Parallel Associate of Arts degree program with 17 programs of study, 14 Career-Technical Associate of Applied Science degree programs, 4 Health Sciences Associate of Applied Science degree programs. Certificate programs include 6 Two-Year Technical Certificate Career-Technical programs, 10 One-Year Career Certificate Career-Technical programs, and 1 Certificate in Health Sciences (Practical Nursing).

WORKFORCE TRAINING

MDCC also offers workforce training, Adult Education/High School Equivalency classes and continuing education courses for local citizens. In FY18, MDCC provided courses to 32,500 trainees in workforce programs offered through The Charles W. Capps Technology Center in Indianola, MS. The Capps Center provides training that is requested by local businesses and industry partners as well. MDCC's service district has 7,398 less jobs (-12%) and 384 less pay-rolled business locations (-9%) than just 10 years ago (MDA, Emsi DataSet, 2006-2016). In response, MDCC has over doubled the number of trainees participating in workforce training since FY15 (124% increase from approximately 14,000 trainees in FY15).

FUNDING REQUEST

The financial base and financial stability of Mississippi Delta Community College are based on appropriations provided by the Mississippi State Legislature, tuition and fees from students, local appropriations, and State and Federal grants and contracts. However, due to drastic decreases in state funding, the decline in overall state support as part of the College's operating budget has declined significantly. Furthermore, not receiving any bond funds over the last several years makes it difficult if not impossible to maintain the physical plant needs of the college.

FUNDING REQUEST BY PRIORITY

MDCC is requesting an Educational and General (E & G) budget from all sources in FY 2020 of \$27,457,396. This requested increase in funding is necessary to achieve the priorities outlined in this report and summarized as follows:

COST TO EDUCATE

- Reasonable and informed funding that supports the cost to educate students, especially those dual enrolled. Mississippi Delta Community College lost \$249,987 in revenue due to dual enrollment.
- Funding to repair infrastructure and maintenance to the College's physical plant.
- Funds supporting employee sustainability that allow us to reach mid-point salaries.

WORKFORCE & ECONOMIC DEVELOPMENT

- MDCC is requesting the new career technical program of Pharmacy Technology in FY 2020 in the amount of \$350,000. The Mississippi Community College Board approved MDCC's application to offer the Pharmacy Technology program in 2010. Although this program has been approved, it remains undeveloped due to lack of funds.
- Funds are needed to update and replace equipment in existing career and technical programs. MDCC's Dental Hygiene program is just one example as this program needs 10 new dental chairs that cost in excess of \$10,000 each.

EDUCATION TECHNOLOGY

- In order to increase student access to higher education through technology and to
 meet the demands of incoming students, MDCC requests education technology
 funds in order upgrade wireless infrastructure by adding/replacing 125 access
 points and 2 controllers; 5 virtual server host with Vmware license; adding
 network storage devices and upgrading to the college's firewall protection.
- A backup generator for the college's data center is in need (currently not protected against loss in power)

OUT-OF-STATE TRAVEL FISCAL YEAR 2020

Mississippi Delta Community College (292-10)

Name of Agency

Note: All expenditures recorded on this form must be totaled and said total must agree with the out-of-state travel amount indicated for FY 2018 on Form Mbr-1, line 1.A.2.b.

@ Executive & Top Level Administrative positions' assignments require primary and major responsibility for management of the institution.

++ Administrative/Managerial positions' assignments require the performance of work directly related to management policies or general business operations of the institution, department or subdivision, etc. It is assumed that assignments in this category customarily and regularly require the incumbent to exercise discretion and independent judgement, and to direct the work of others.

Include \$450,000 (\$300,000 + \$150,000) GF in FY 2018, FY 2019 and FY 2020.

These funds are accounted for in the "Other Instruction" Function. Workforce instructional and project funds are also accounted for in the "Other Instruction" Function. Workforce Development Centers were created in the 1994 Legislative Session (HB 1412) as part of the Work Force and Education Act of 1994. Make sure any local funds being spent on Workforce Development Centers are included in the "Other" category above.
